

## Training Options for 2011-12

ClassScape offers several **on-site training options** for enrolled schools during the 2011-12 school year. If your school and/or district is not enrolled for the 2011-12 school year, please click [here](#) to enroll in ClassScape. Our training services include the **New School Start Up Package** or a selection of **A La Carte** trainings.

The **New School Start Up Package** has been specifically designed to meet the unique needs of schools who are just beginning to use ClassScape. The package includes **three on-site trainings** (see descriptions below). For optimal effectiveness, the trainings should take place at the school site and completed in the order listed.

### **First Training: Test Administrator (1-3 participants, 3 hours, computer lab)**

- Designed for school-based leaders such as principals, assistant principals, curriculum coaches, technology facilitators, media specialists who will be responsible for monitoring ClassScape usage
- Focuses on the “back end” of the program including bulk uploading student data, setting up teacher accounts, creating common assessments, viewing reports, and monitoring system usage
- Occurs early in the school year (August or September)

### **Second Training: Basic User (Maximum 25 participants, 2 hours, computer lab)**

- Designed for classroom teachers who will be using ClassScape
- Focuses on user basics such as setting up classes, creating and scheduling assessments, and viewing reports
- Occurs after the successful completion of the Test Administrator Training ( August, September, or October)
- 

### **Third Training: Data Analysis (Maximum 25 participants, 2 hours, computer lab)**

- Designed for teachers and school staff who have given ClassScape assessments
- Focuses on how teachers can analyze data from ClassScape reports to determine instructional effectiveness, identify student and classroom needs, and create instructional intervention plans.
- Occurs at least one month after the successful completion of the Basic User Training (October – February)
- Staff must have access to individual classroom data

The **New School Start Up Package** is **\$700 per school**.

---

**A La Carte trainings** are on-site training sessions and professional development workshops that can be ordered separately as needed. The **A La Carte** choices include:

- **Test Administrator Training**
- **Basic User Training**
- **Reports/Data Analysis Training**
- **District Benchmark Administrator Training**
- **Custom Options: designed for individual school or district needs**

Each **A La Carte training** is **\$350 per session**.
